doin' more with less

human energy®

Narrator: This is a story about...

DOER 1: DOIN more...

DOER 2: with less.

Narrator: DOERS need energy.

Narrator: And demand for it is expected to grow.

DOER 1: So Chevron's finding more homegrown energy, more precisely.

DOER 2: Digitizing the way we work with advanced data analytics helping us develop more productive wells.

DOER 1: And we're exploring ways to use renewable energy in our operations.

DOER 2: DOIN' more...

DOER 1: ...with less.

Narrator: More data and precision...

Narrator: To help meet growing demand.

Narrator: That's going to get a lot of likes.

Narrator: Chevron. Innovating to meet the energy demands of today and tomorrow.
